PARTNERSHIP & COLLABORATION PROPOSAL

STEAM for Future-Ready Societies

2 - 3 November, 2026

The University of Faisalabad

BUILDING THE **FUTURE** THROUGH COLLABORATION

It is my privilege to invite universities and colleges across Pakistan to partner with the 4th International Conference on Advanced STEAM Education (ICASE-2026). The University of Faisalabad firmly believes that academic progress is achieved through shared research, knowledge exchange and institutional collaboration. Over three successful editions, ICASE has evolved into a growing national and international platform for researchers, educators and academic leaders. I invite your institution to join ICASE-2026 not merely as a participant, but as a valued partner in shaping our collective academic future.

MUHAMMAD HAIDER AMIN

Chairman, Board of Governors
The University of Faisalabad

ADVANCING **GLOBAL** ACADEMIC PARTNERSHIPS

ICASE 2026 is designed to foster interdisciplinary research, innovation and meaningful international collaboration. As higher education increasingly transcends borders, universities must work together to address global challenges through knowledge sharing, research excellence and academic exchange. We invite your institution to become part of a truly global academic platform dedicated to shaping the future of STEAM education.

PROF DR AMAN ULLAH MALIK

Rector, The University of Faisalabad

THE FOUNDATION, ICASE 2026

VISION

To be a leading international platform advancing excellence in STEAM education for sustainable development, technological innovation, and human prosperity.

MISSION

To connect educators, researchers, policymakers, industry leaders, and students in fostering interdisciplinary collaboration, sharing transformative ideas, and promoting innovative STEAM practices that prepare individuals and communities to thrive in a rapidly evolving world.

OBJECTIVES

ICASE-2026 aims to:

- ✓ Facilitate interdisciplinary collaboration and knowledge exchange.
- ✓ Discuss new technologies and future skills.
- ✓ Create synergies among academics, industry, and government.
- ✓ Foster future-oriented learning environments.
- ✓ Enhance student involvement and dissemination of research.
- ✓ Contribute to policy discourse and informed decisions.
- ✓ Achieve sustainable development and social wellbeing.

A GROWING GLOBAL ACADEMIC NETWORK

- ✓ MoUs signed with universities in Bangladesh
- ✓ Delegation from Saudi Arabia, Malaysia, Republic, Uganda and Slovakia
- ✓ Participation of the Embassy of Vietnam
- ✓ U.S. Consul General and other diplomatic representatives
- ✓ Strengthening bridges for future collaboration

INTERNATIONAL & NATIONAL PARTNERSHIP PATHWAYS

Academic Partnerships

- Faculty Exchange
- Student Mobility
- Visiting Scholars
- Joint Curriculum Development
- Projects
- Research Supervision
- Collaborative Grant Applications

Research Partnerships

- Joint Publications
- Joint Research Initiatives
- Innovation Challenge

Innovation Partnerships

- Industry Collaboration
- Technology Transfer
- Entrepreneurship

PARTNERSHIP BENEFITS

Speaking & Academic Recognition

Keynote / Plenary Feature Panel Participation
Institutional Presentation Appreciation Certificate
Opening & Closing Recognition

Recruitment Advantages

Scholarship Session Graduate Recruitment
Student CV Collection Internship Opportunities

Networking & Leadership

One-on-one meetings B2B Engagement
Leadership Meetings Industry Connections

VIP Hospitality

VIP lounge access Priority MoU signing
Dedicated liaison officer Cultural welcome kit

WHY SHOULD UNIVERSITIES PARTICIPATE?

Institutional Branding

- ✓ Showcase academic programmes
- ✓ Highlight research
- ✓ Promote achievements

Research Collaboration

- ✓ Joint research
- ✓ MoUs
- ✓ Funding opportunities

Industry Linkages

- ✓ Industry networking
- ✓ Corporate partnerships

International Networking

- ✓ Global delegates
- ✓ International collaborations

JOIN THE GLOBAL STEAM NETWORK

Let's **Shape The Future** Together

We invite universities, research institutions and international organisations to become part of a growing international community dedicated to advancing:

Education

Research

Innovation

Sustainability

Global Citizenship

Academic Excellence
